Height:	1325 mm. + header
Shelves:	4 to 8. Adjustable positions
Spindles:	on cross bars. Adjustable positions
Colours:	choice of colours over 50 pcs
Header:	printed on both sides, interchangeable
Dressing:	panels and header can be changed. Printable on different ecological materials.

AND MORE

- Durable, made of 100% recyclable metal, its lifespan is unlimited.
- Resistant, RECTO-VERSO is solid enough to take light to medium loads.
- Its 2 faces offer maximum visibility for your products and brands.
- Lightweight and on rollers, it takes up little space and is easy to move around your point of sale.
- The infinite customisation of its design is inexpensive (ROI after 3 promotions) and allows easy communication rotation for your teams in the field.
